ROSES

The following Roses are two-year-old, budded stock, such as will, with proper care, produce maximum results. Plant your Roses in well-drained soil, deeply prepared and enriched. Set them deeply enough for the base of the branches to be about two inches below the surface. Water well after planting and firm the soil well.

Order your Roses without delay. It is difficult, late in the spring, to obtain the particular varieties you may want.

Hybrid Tea or Continuously Flowering Roses

A FEW OF THE CHOICEST NEWER ROSES

- Angele Pernet.** Semi-double flowers of a brownish orange hue. \$1.50; dozen-rate, \$1.25.
- Betty Uprichard.** Orange carmine, the outward curled petals showing a lighter shaded reverse. \$1.50; dozen-rate, \$1.25.
- Edel.** Large, well-filled blooms of ivory white. \$1.25; dozen-rate, \$1.10.
- Independence Day.** Rich coppery-yellow. Very free-flowering. \$1.25; dozen-rate, \$1.10.
- Miss Lolita Armour.** Very large and double. Salmon and burnt-apricot shadings. A handsome rose, resembling in shape and fragrance the old-fashioned Gloire de Dijon. \$1.10; dozen-rate, \$1.00.
- Padre.** Deep coppery pink. Altogether a lovely Rose; not very large, but of a beautiful shape and grace. \$1.50; dozen-rate, \$1.25.
- Souv. de Claudius Pernet.** The great new yellow Rose. Large, well-filled flowers and glossy foliage. \$1.25; dozen-rate, \$1.10.
- Souv. de George Pernet.** Brick-red buds. Large, terra-cotta colored flowers. \$1.50; dozen-rate, \$1.25.
- Wm. F. Dreer.** A lovely Rose, not very double, but with a beautiful blending of light salmon, yellow and orange shades. \$1.10; dozen-rate, \$1.00.

SOME OF THE OLDER AND TRIED VARIETIES

\$1.00 each; dozen-rate, 90¢.

- Betty.** A graceful Rose. Long-stemmed buds of coppery pink. Rather single.
- Chas. K. Douglas.** Crimson scarlet. Long-pointed buds.
- Duchess of Wellington.** Perhaps the best of the older yellow Roses. Saffron yellow.
- Golden Emblem.** Clear yellow. Glossy foliage.
- Golden Ophelia.** Similar to the well-known Ophelia, but yellow, shaded orange towards the base of the petals.
- Grussan Teplitz.** A strong growing, free-flowering, warm red Rose. Plant it in beds by itself. It grows much stronger than most other varieties and therefore does not mix so well with them.
- Kaiserin Augusta Victoria.** Light canary yellow,—almost white. One of the most beautifully shaped Roses in existence.

Killarney Brilliant. Brilliant pink.

Jonkheer J. L. Mock. Carmine-pink, showing silvery pink reverse of petals.

Lady Ursula. Light pink, shaded yellowish. Free-flowering and of strong growth.

Los Angeles. A beautiful blend of salmon-pink and orange shades.

Mme. Caroline Testout. An old-time Rose of a lovely satiny pink.

Mme. Ed. Herriot. Brilliant blend of orange and pink.

Mrs. Aaron Ward. A lovely yellow Rose.

Mrs. Franklin Dennison. White or light blush, shaded yellowish at base of petals.

Ophelia. A general favorite. Flesh-colored, with a shading of yellow toward the base of the petals.

Radiance. An old and tried pink Rose of strong growth. One of the most satisfactory and dependable.

Red Radiance. The counterpart of the preceding in red.

Sunburst. Yellow, shaded with orange towards the base of the petals.

IT'S difficult to say whether or not the newer Roses are to be preferred to the older. They are all so wonderful. Generally, we would say, the beginner with Roses does well to select the older varieties of proven merit. But for those who have grown them for some time there's no thrill like gathering in a handful of flowers in these wonderful new colors and blends of colors that characterize the newer sorts. One may have grown white Roses for years,—and yet the sight of a bud of this new Edel is a thrill; we may feel that we know the general effect of these Pernetiana varieties,—and yet a little vase of this Padre holds a new experience. These new Roses are not just so many new horticultural varieties;—they are so many new experiences of the grace and richness of the Rose.

FOUR GREAT JUNE ROSES

85¢; dozen-rate, 80¢.

Frau Karl Druschki. Pure White.

Mrs. John Laing. Pink.

Paul Neyron. Very large. Deep Rose.

General Jacqueminot. Crimson.

CLIMBING ROSES

Except where noted 85¢; dozen-rate, 80¢.

Dorothy Perkins. The familiar pink cluster-rose.

Dr. Van Fleet. Soft pink Roses, borne individually and fine for cutting.

Excelsa. Dark red, superior to the old Crimson Rambler.

Mary Wallace. A beautiful new Climbing Rose. Very double, bright pink flowers. Blooms early. \$1.50; dozen-rate, \$1.25.

Paul's Scarlet. The most brilliant red climbing Rose.

Silver Moon. Pure white, large, single flowers. Its foliage is highly ornamental.

Rosa Hugonis. A chinese shrubby Rose, laden with single yellow flowers in June. A beautiful species, to be used as a flowering shrub rather than as a bedding Rose. \$1.00.

Rosa rugosa. The old-fashioned Ramanas Rose. 4 yrs. old, \$1.00.

Flowering and Ornamental Trees and Shrubs

The following is a short list of some of our choicer trees and shrubs. For the sake of space we do not list the large number of the more common kinds. We have, however, large stocks of the more popular sorts, such as Spiraea, Deutzia, Weigelia, Bush-Honeysuckle, Forsythia, Mock Orange, etc.

The price of these more common sorts is 85¢; dozen-rate, 80¢; hundred-rate, 75¢. These are strong grades which should create a good immediate effect. Extra strong grades can be furnished of most of these kinds at \$1.00; dozen-rate, 90¢; hundred-rate, 85¢.

Dozen-rates in all our price lists apply to six or more of one variety; hundred-rates to fifty or more of one kind and variety.

Almond, Flowering. Pink or white. 2 to 3 ft., \$1.00.

Acanthopanax pentaphyllum (Aralia pentaphyllum). A robust, thorny shrub which succeeds well in shade. Long, curving branches. Excellent for an impenetrable screen. 3 to 4 ft., \$1.00.

Ash, European Mountain. A decorative, small tree which bears large clusters of scarlet berries in mid-summer. A good tree for small lawns. 6 to 8 ft., \$2.25; dozen-rate, \$2.10. 8 to 10 ft., \$3.50; dozen-rate, \$3.00.

Birch, European Cut-leaf. A graceful "weeping" tree. 5 to 6 ft., \$3.25.

Birch, European White. 5 ft., \$2.00.

Birch, Paper. 6 to 7 ft., \$2.50.

Bittersweet. *Celastrus scandens*. 3 ft., extra heavy, \$1.00.

Butterfly Bush. 3 yrs. old, 85¢; dozen-rate, 80¢.

Catalpa Bungei. **Umbrella Tree.** 5 to 6 ft. stems, 2-yr. old crowns, \$2.50.

Cherry, Flowering Japanese. In various named varieties, 4 ft., \$5.00.

Cherry, Japanese Weeping. 6 ft. stems, 3-yr. old tops, \$6.50.

Cotoneaster horizontalis. Rock Cotoneaster. Low shrubs with horizontally spreading branches. Small, glossy foliage. Red berries in the fall. Grown in pots or wire baskets, 12" spread, \$1.00. Grown in pots or wire baskets, 15-18" spread, \$1.75.

Cotoneaster applanata (Dielsiana). A species from Central China. A spreading shrub of medium height, bearing red berries. 1½ ft., \$1.00.

Cotoneaster Simonsi. Erect growth and medium height. Useful for semi-shaded places or undergrowth. Makes a splendid hedge. A Himalayan species; one of the best red-fruited kinds. 1½ to 2 ft., \$1.25.

Crab, Flowering. *Malus ioensis plena*. Baechtel's Double Flowering Crab. Perhaps the finest of all varieties of Flowering Apple. Very large, double and fragrant and of a most delicate, soft pink, 3 ft., \$2.50.

Malus atrosanguinea. Carmine Crab. Single, deep carmine blossoms. Glossy foliage. 4 ft., \$3.50.

Malus prunifolia Rinki. Chinese Apple. Large, white blossoms, followed by red, green or yellow fruit. 4 ft., \$3.50.

Malus Scheideckeri. Double, rose-colored blossoms. 4 to 5 ft., \$3.50.

Crataegus cordata. Washington Thorn. A native Thorn, growing up to 30 ft. high. White flowers in May or June, followed by bright red fruit, ripening in September or October. The foliage assumes beautiful fall tints. 8 to 9 ft., \$4.00.

Crataegus oxyacantha, Paul's Scarlet Thorn. A handsome English Hawthorn, growing up into a slender small tree. Double, red flowers. 4 ft., \$2.50.

Dogwood, White Flowering. 2 to 3 ft., B & B., \$1.50. 3 to 4 ft., B & B., \$2.00; dozen-rate, \$1.75.

Dogwood, Red Flowering. 2 to 3 ft., \$3.50. 3 to 4 ft., \$5.00.

Euonymus alatus. Burning Bush. A handsome shrub with good, dull-green foliage which turns a brilliant red in the fall. The fruit-capsules are purplish. The branches have corky "wings" which distinguish the shrub in winter. 2 to 3 ft., \$1.25.

Euonymus europaeus. European Spindle Tree. A large shrub or small tree with greenish branches, bright green foliage and showy, pink fruit-capsules. The ornamental quality of the fruit is characteristic of this and other shrubby Euonymus, reminding one of the Bitter Sweet, to which the Euonymus is related. 2½ to 3 ft., 85¢.

Elm, American. 8 to 10 ft., well branched-crowns, \$4.00.

Hydrangea paniculata. The old-fashioned, loosely-pyramidal flowering kind that bears the flowers upright as distinct from the drooping habit of the following variety. 4 yrs. old, extra strong, \$1.00; dozen-rate, 90¢.

Hydrangea paniculata grandiflora. The popular, large-clustered Hydrangea. 4 yrs. old, extra strong, \$1.00; dozen-rate, 90¢.

Lilac, Common Purple. 2 to 3 ft., 85¢; dozen-rate, 80¢. 3 to 4 ft., \$1.00; dozen-rate, 90¢.

Lilac, Assorted French Hybrids. 2 ft., \$1.00.

Lilac, Persian. 3 to 4 ft., \$1.25.

Maple, Japanese. Upright, red-leaf variety. 1 ft., \$4.00.

Lace-leaf variety. This is a low, spreading variety of wonderful beauty. 12 to 15" spread, \$5.00.

Maple, Japanese. The original type of Japanese Maple, from which the more showy forms have been derived. This "wild" Japanese Maple is a handsome small tree, well-worth a place in the landscape, densely leafed and the more valuable for its fine spring and fall colorings. 15 to 18 inches, \$1.25.

Maple, Norway. 8 ft., \$2.25; dozen-rate, \$2.00.

Maple, Swedler. Similar in habit to the Norway Maple, but the leaves come out blood-red in the spring, toning down to deep green later in the summer. 6 to 7 ft., \$2.50; dozen-rate, \$2.25.

Mulberry, Weeping. 5 to 6 ft. stems, \$3.50.

Oak, Pin. 8 to 9 ft., \$5.00.

Mock Orange. Philadelphus. 4 to 5 ft., \$1; dozen-rate, \$0.90.

Mock Orange, Virginal. A handsome new variety of medium growth and very handsome, large, fragrant flowers. 2 to 3 ft., \$1.00.

Mock Orange. Dwarf, golden-leaf. A striking little shrub for sunny places. Not over three feet high. 15", \$1.00; dozen-rate, 90¢.

Plum, Flowering. Prunus triloba. One of the showiest of early-flowering things. The branches are thickly covered with soft pink, large, double blossoms. 4 to 5 ft. bushy, \$4.00. Standards, 2 to 3 ft., \$2.00.

Plum, Red-leaf. Prunus Pissardi. Small trees of erect habit of growth, with deep-red foliage which colors more brightly as the summer wears. Showy, lavender, single blossoms in the spring. 4 to 5 ft., B. & B., \$4.00. Standards, 3 to 4 ft., \$2.50.

Poplar, Carolina. 8 to 10 ft., \$1.25.

Poplar, Lombardy. 8 to 10 ft., \$1.00; dozen-rate, \$0.90.

Rhus cotinus. Smoke Tree. Purple Fringe. A striking, broad shrub, topped with cloudlike inflorescences in mid-summer. 1 ft., 75¢.

Rhus typhina lacineata. Cut-leaf Staghorn Sumach. A handsome, fast-growing foliage shrub with fern-like foliage. Suitable for the driest soils and valuable for its brilliant autumn tints as well. 4 ft., \$1.25.

Spiraea prunifolia fl. pl. Bridal Wreath. The true, early-flowering Bridal Wreath. 3 ft., \$1.00.

Spiraea Van Houttei. 3 to 4 ft., 85¢; dozen-rate, 80¢.

Stephanandra flexuosa. A shrub of medium height with particularly beautiful foliage, often bronze-tinted. Yellow flowers. Fine for massing. 3 ft., 85¢.

Styrax japonica. A handsome large shrub or small tree with loosely spreading branches. Pendulous clusters of white blossoms in June or July. Bright green foliage. 2 ft., \$1.00.

Viburnum. Snowball.

Viburnum americanus. High Cranberry. A tall-growing Viburnum planted for its handsome red berries, which begin to ripen in early August and remain on the bush throughout the winter. They are not eaten by birds. 1 ft., 85¢.

Viburnum opulus. European Cranberry Bush. Similar to the preceding. Large clusters of red berries. 3 to 4 ft., \$1.25.

Viburnum opulus sterile. Guelder Rose. An old-time favorite. Large globular heads of flowers, at first greenish-white, turning to pure white. 1½ to 2 ft., 90¢.

Viburnum tomentosum. Double-file Snowball. A handsome shrub with spreading, horizontal branches, which are laden in June with pure-white, flat heads of flowers. Perhaps the most beautiful of all Viburnums in bloom. 2 to 3 ft., \$1.00.

Viburnum tomentosum plicatum. Japanese Snowball. Pure white, globular heads of white flowers. The foliage is bronze-tinted. 2 to 3 ft., \$1.00.

Willow, European Pussy. Salix caprea. A wonderfully beautiful Willow in bloom. It is grown for its showy catkins. Its habit of growth is upright and it makes a particularly fine screening material. We offer heavy specimens, that have been cut back. 5 to 7 ft., \$1.10; dozen-rate, \$1.00; hundred-rate, 90¢. 7 to 8 ft., \$1.35; dozen-rate, \$1.25; hundred-rate, \$1.00.

Willow, Weeping. 6 to 8 ft., \$1.25.

Evergreen Shrubs

Mahonia aquifolia. Oregon Grape Holly. A most attractive, low, spreading shrub, usually not growing over four feet high, with Holly-like foliage that ranges from dull-green to shiny bronze. Older plants bear clusters of yellow flowers, followed by bluish-black berries. In shaded places, such as North exposures, the foliage usually persists well throughout the winter; in more sunny locations it burns somewhat, but is soon replaced in the spring with new leaves. Clumps, 3 yrs. old, 10 to 12", Balled and Burlapped, \$1.50; dozen-rate, \$1.25. Clumps, 4 yrs. old, 12 to 15", Balled and Burlapped, \$1.75; dozen-rate, \$1.50. Larger sizes, \$2.00.

Euonymus radicans. Wintercreeper. 3 yrs. old, \$0.90; dozen-rate, 80¢.

Euonymus radicans vegetus. Large-leaf Wintercreeper. 3 yrs. old, 90¢; dozen-rate, 80¢.

Euonymus radicans variegata. Silver-leaf Wintercreeper. 3 yrs. old, 90¢; dozen-rate, 80¢.

Euonymus radicans. Kewensis. Small-leaf Wintercreeper. 3 yrs. old, \$1.00; dozen-rate, 90¢.

The Wintercreepers are evergreen shrubs of a spreading, rambling or climbing habit. They may be grown as shrubs or used as vines for walls. They climb without artificial support. They all succeed best in shade or north-exposures, except the silver-leaf variety, which should be planted in sunny places. The variety Kewensis is a particularly attractive plant for shady spots in the rockery or wild garden.

Vines and Climbers

Actinidia arguta. A robust climbing shrub of the general climbing habit of Wistaria. Handsome, dark green, glossy foliage and white flowers, followed by greenish yellow, sweet fruit. A choice Vine. 5 yrs. old, \$2.00.

Ampelopsis Veitchi. Boston Ivy. 3 yrs. old, 75¢; dozen-rate, 70¢.

Clematis coccinea. A good Vine for low trellises, with red, nodding, pitcher-shaped flowers. 2 yrs. old, 75¢.

Clematis paniculata. The popular, small-flowering, white and fragrant Clematis. 3 yrs. old, extra heavy, 65¢; dozen-rate, 60¢.

Clematis Jackmanni. Large, deep purple, showy flowers. For sunny places. 2 yrs. old, \$1.00.

Dutchman's Pipe. A robust Vine with very large, heart-shaped leaves. It creates a solid screen of foliage for porches. The flowers are somewhat inconspicuous and in shape suggest the "Dutchman's Pipe". This Vine may be planted in sunny or shady places. 3 to 4 ft., 3 yrs. old, \$1.00; dozen-rate, 90¢.

Euonymus. Wintercreeper. See Evergreen Shrubs.

Honeysuckle, Hall's Japanese. 2 yrs. old, 50¢; dozen-rate, 40¢.

Honeysuckle, Scarlet Trumpet. This native Honeysuckle retains its foliage sometimes almost throughout the winter. Long, tubular, scarlet or orange-scarlet flowers. 2 yrs. old, 50¢; dozen-rate, 40¢.

Honeysuckle, Japanese gold-spotted. A brightly colored Vine, particularly suited for covering sunny slopes. The small leaves are handsomely marked with yellow. 4 yrs. old, 90¢; dozen-rate, 80¢; hundred-rate, 75¢.

Kudzu Vine. A Japanese Vine which here usually dies down to the ground, but makes a most vigorous growth above ground each summer. The leaves are dull-green and oddly and variously lobed. It covers porches and arbors with a dense growth. Flowers are here rarely produced since they are borne on the older, woody growth, which survives above ground only further South. 2 yrs. old, \$1.00; dozen-rate, 90¢.

Lace Vine. Polygonum Auberti. A fast-growing Vine with light green foliage, producing in late summer an abundance of graceful, loose clusters of pure white, small flowers. One of the best and most deserving Vines for general use. 2 yrs. old, \$1.00; dozen-rate, 90¢.

Roses. See Rose List.

Wistaria sinensis. Chinese Wistaria. Grafted plants. 2 to 3 ft., \$1.00.

Wistaria floribunda multijuga. Blooms about two weeks later than the Chinese and has much longer racemes of purple fragrant flowers. A most desirable variety of Japanese Wistaria. 3 to 4 ft., \$1.00.
